

Flu Clinics at Oughtibridge Surgery

Autumn 2021

We are holding a flu clinic on Thursday 25th November 2021 for patients over 65 years and patients over 18 in a clinical at risk group. Patients may attend this clinic or patients can try to get a vaccination at a pharmacy if they wish.

The flu clinics are **appointment only** – please contact the surgery to book your appointment.

We will then invite patients who are 50-64 years of age and who are not in a clinical at risk group when we have further stocks of the vaccine.

Patients who are 2 to 17 years of age in a clinical at risk group will be contacted soon by the practice too.

Please follow the link to find out the categories of patient eligible for a flu jab this year.

(www.gov.uk)

The surgery gets the supply of the vaccines direct from the manufacturer and we are dependant on when they can deliver the vaccines to us. Please bear with us until we get more stock of vaccines.
